

To Whom It May Concern:

I wish, with this letter, to convey my satisfaction with the services provided by Bryan Hooks and The Catering Courtier. Bryan is an exceedingly honest individual with a work ethic that leaves nothing to be desired. I employ his services once or twice every month. This allows me to keep my sales staff here at the dealership on high traffic days and in return, it boosts the overall morale of the dealership. The food is delicious and the service is grade a professional. I plan to continue doing business with Bryan and The Catering Courtier for many years to come.

Sincerely,

Joey Staples
